

Blower

Compact, stackable three-speed blower dries areas quickly.

Powerful airflow

Reduce drying time dramatically with this powerful three-speed blower which produces up to 2,500 cfm / 71 m³ of airflow.

Reduce storage space

Convenient, stackable units free up valuable space in closets, storage areas and transport vehicles.

Multiple position setting

This unit can be placed in three positions, which allows for optimal directional airflow.

Key Benefits

- Quickly dry carpet, hard floors, fresh paint, concrete sealer and much more
- Rotationally-molded body ensures durability and many years of reliable use
- Precisely direct air where you need it with three positions available
